## About Us

Established in **2013**, we, "**Guru Krupa Enterprise**" are one of the well known **manufacturer** of a wide range of **Super Phos, Monosodium Phosphate, Trisodium Phosphate and Disodium Phosphate etc.** Our range of these chemicals is processed using standard quality materials that are sourced from the trusted dealers in the market. Our range is widely appreciated for their various features like accurate compositions, pH value, purity and no side-effects.

Our organization is supported by a widespread infrastructure facility that is equipped with advanced machinery and tools. We have a wide distribution network for offering our range within the stipulated time frame.

Our quality testers test our range of chemicals on various parameters to offer defect free range to our clients. Under the inspiring guidance of our mentor **Mr. Praful Bhai Gajera**, we are able to offer an unmatched range to our clients. His industry experience and ethical business policies helped us in capturing the market for our range.
